Argos Stucco Cement, Manufactured at Argos Harleyville Plant Certificate of Compliance

January 4, 2024

This is to certify that each bag of Argos Stucco Cement as manufactured by Argos Cement at its Harleyville, SC plant conforms to the requirements of **ASTM C1328, Standard Specification for Plastic (Stucco) Cement.**

Argos Stucco meets the requirements of the Florida Building Code for materials to be used for stucco. It is granted product approval under Rule 9B-72 "State Product Approval", Section 9B-72.030(1) "*Prescriptive. Products that have prescriptive specification standards and are manufactured under quality assurance procedures as specified in the Code will be deemed approved.*"

Furthermore, this Argos Stucco Cement, when mixed according to Tables 2 and 3 of ASTM C926, Standard Specification for Application of Portland Cement-Based Plaster and clean water will produce a (plastic cement) stucco which will exceed the property requirements for ASTM C926, provided that all the stated ingredients are mixed and tested in accordance with all the applicable provisions of ASTM C926.
