## Certificate of Compliance

### **Product: Argos Portland and Hydraulic Cements**

This letter certifies that Type I/II portland cements produced by Argos cement plants at Harleyville SC, Roberta AL, Newberry FL, Martinsburg WVA and Atlanta GA meet the standard requirements of ASTM C150-20 specifications for Type I, Type II and T-I/II MH portland cement and AASHTO M 85-20 for Type I portland cement. The Harleyville T-III, Newberry T-III and Atlanta T-III cements also meet specifications ASTM C150-20 and AASHTO M 85-20. The IL cements produced at Harleyville, Martinsburg, Newberry and Atlanta meets the standard requirements of ASTM C595-20 and AASHTO M 240-20 as equivalent performance of Type I/II.

The chloride content will average less than 0.02% for all Plants. Argos products are approved by DOTs in the Argos footprint.

Argos SuperCem – Tampa is a slag cement and guaranteed when shipped, to meet the requirements of ASTM C989 and AASHTO M 302 for a Grade 120 Slag Cement in FDOT, VDOT, MDSHA and a grade 100 in GDOT.

Argos SuperCem – Adana is an import slag cement and guaranteed when shipped, to meet the requirements of ASTM C989 and AASHTO M 302 for a Grade 100 Slag Cement in VDOT, NCDOT, SCDOT, MDSHA, DCDOT, ODOT, PennDOT, WVDOT and GDOT.

Should you have any questions please contact myself or the local contact.

Respectfully,

A handwritten signature in blue ink that reads "Stephen D. Wilcox".
